The Right Step™ features superior quality with safety in mind. Provides for safe and easy transfer of pets, people, construction and recreational equipment into and out of today's tall pickup beds. Unlike other truck and SUV steps on the market today, the Right Step™ is an affordable Step that extends beyond open tailgates.

The same Right Step™ can be adjusted for SUV's, RV's and Vans. The Right Step™ folds up out of the way when not in use.

- Durable all-steel construction
- Mounts in Class III 2" receiver hitch
- Extra wide 22½ x 20½ step plate
- Non-slip surface
- Folds up when not in use
- Safely holds up to 500 lbs.

THE RIGHT STEP™ FITS ALL PICKUPS, SUVS, VANS

The Right Step™ works great with the tailgate up or down.

The Right Step™ folds up when not in use. Allows for off-road use without causing damage to the vehicle or to the step itself.

 **RIGHTSTEP**
BY ANTRAC FOR

Dog Owners:

The Right Step™ provides your pet with easy entry and low impact exiting from a pickup. Dog injuries caused by repeated jumping in and out of today's higher vehicles (spinal injuries, arthritis, leg injuries) may be eliminated. The Right Step™ reduces the need to lift a tired or aging dog into the back of a pickup.
